SECTION B-SUPPLIES OR SERVICES AND PRICE/COST**B34.01 SERVICES/SUPPLIES TO BE FURNISHED AND PRICES (DESC FEB 1991)**

The services/supplies to be furnished during the period specified are as follows:

A. OBJECTIVE: The purpose of this requirement is to establish the Northeast heating fuel strategic reserve in the New England, New York, and New Jersey geographical area. To accomplish this, DESC will acquire up to 2,000,000 barrels of storage capacity, and a corresponding quantity of heating fuel through an exchange of Strategic Petroleum Reserve crude oil.

B. SERVICES REQUIRED (Line Items 0001 and 0002):

- (1) A maximum of 2,000,000 barrels of storage fill capacity, in increments of 500,000 barrels. The capacity provided must be deliverable fuel capacity.
- (2) The storage services must comply with best commercial practices, and meet all applicable industry standards for receipt, storage, and shipment of heating fuel. The storage facility must comply with local, state, and federal codes, laws, and regulations governing product storage and handling, including safety and environmental requirements.
- (3) The facility must be capable of receiving by commercial barge. Tanker and/or pipeline may be required, depending on the mode of shipment proposed by the fuel oil delivery contractors, with the entire quantity delivered within a 30-day period. Receipt capability must be available on a 24-hour, seven-day/week basis.
- (4) The facility must be capable of distributing product via barge and truck to the major northeast distribution centers. Pipeline capability is desired, but not required. Temperature compensating meters are required at product custody transfer points. The capability to load four tank trucks simultaneously is required. Shipments may be required on a 24-hour, seven days/week basis, with shipping documents (as specified by DOE) prepared by the contractor.
- (5) Commingled storage is preferred; however, dedicated storage is acceptable, provided the contractor has an acceptable product rotation plan.
- (6) The facility must be capable of distributing the entire amount of product stored, within 10 days of notice (24-hour notification to begin distribution will be provided).
- (7) The contractor will provide an inventory report to DOE monthly.
- (8) All product distributed must meet the heating fuel specifications.

C. PRODUCT REQUIRED (Line Item 0003): Fuel Oil, Burner #2 (See attachment 2 for specifications). A maximum of 2,000,000 barrels will be acquired, in increments equal to the storage capacities awarded. Product must be delivered FOB destination with one fuel oil contract to be awarded for each storage location.

D. AREA OF CONSIDERATION:

- (1) Up to 2,000,000 barrels in the New England (Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island) geographical area (see line item 0001).
- (2) Up to 2,000,000 barrels in the New York/New Jersey coastal area (see line item 0002).

E. THROUGHPUT COSTS: All product receipt, rotation, and distribution costs must be included in the storage contractor's price.

F. INSPECTION: The government reserves the right to inspect shipment modes at origin. Full inspection test results on the heating fuel at the point of delivery must be available.

G. PLANS REQUIRED:

- (1) Quality Control Plan: See clause L17.02.
- (2) Distribution Plan: Within 20 days after award of the contract, the storage contractor will, in conjunction with DOE, develop a plan for distributing the fuel oil reserve. The plan must demonstrate the ability to access major heating fuel distribution centers throughout the northeast. Part of the plan must include the contractor's product testing procedure prior to shipment of fuel.

SECTION E - INSPECTION AND ACCEPTANCE**E5 INSPECTION OF SUPPLIES - FIXED-PRICE (AUG 1996)**

(a) **DEFINITION. Supplies**, as used in this clause, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering supplies under this contract and shall tender to the Government, for acceptance, only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the Government during contract performance and for as long afterwards as the contract requires. The Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under the contract.

E5 Cont'd.

(c) The Government has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The Government shall perform inspections and tests in a manner that will not unduly delay the work. The Government assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in this contract.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the Government shall bear the expense of Government inspections or tests made at other than the Contractor's or subcontractor's premises; PROVIDED, that in case of rejection, the Government shall not be liable for any reduction in the value of inspection or test samples.

(e) (1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the additional cost of inspection or test.

(2) The Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes reinspection or retest necessary.

(f) The Government has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. The Government may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, the Government may either (1) by contract or otherwise, remove, replace, or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i) (1) If this contract provides for the performance of Government quality assurance at source, and if requested by the Government, the Contractor shall furnish advance notification of the time (i) when Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract and (ii) when the supplies will be ready for Government inspection.

(2) The Government's request shall specify the period and method of the advance notification and the Government representative to whom it shall be furnished. Requests shall not require more than 2 workdays of advance notification if the Government representative is in residence in the Contractor's plant, nor more than 7 workdays in other instances.

(j) The Government shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. Government failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability on the Government, for nonconforming supplies.

(k) Inspections and tests by the Government do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; PROVIDED, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the Government thereby.

(FAR 52.246-2)

E5.03 INSPECTION OF SERVICES - FIXED-PRICE (AUG 1996)

(a) **DEFINITION. Services**, as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable, at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may (1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service or (2) terminate the contract for default.

(FAR 52.246-4)

E35.02 REQUESTS FOR WAIVERS AND DEVIATIONS (DESC JUL 2000)

(a) The following procedures apply to requests for specification waivers.

(1) Requests for waivers and deviations shall be submitted by the Contractor to the Contracting Officer with a copy to the Quality Representative (QR). Each request shall provide the following information: Contractor name; contract number; contract line item and product, if applicable; clause number, paragraph and subparagraph, as appropriate; the nature of the request; the reason for the request; the corrective action being taken by the Contractor to correct and prevent recurrence of the condition(s) causing the nonconformance; and equitable price adjustment offered over the administrative fee. In extraordinary situations, the Contractor may initially submit the request for a deviation or waiver through the cognizant QR to the Contracting Officer or the Contracting Officer's Representative (COR) in the Bulk Fuels Business Unit, Product Technical and Standardization Division, Defense Energy Support Center (DESC). Extraordinary situation requests shall be submitted formally to the Contracting Officer prior to close of business of the next DESC normal workday. As used in this clause, the term "extraordinary situation" means the matter cannot await resolution until the DESC normal workday (0800 to 1630 hours), Monday through Friday - Federal holidays excluded. In addition, if either the Contracting Officer or the COR cannot be reached, the Duty Officer shall be contacted and provided the necessary information to forward to the proper individuals as soon as possible. The Duty Officer's telephone number is (800) 286-7633, (703) 767-8420, or DSN 427-8420.

(2) If the waiver is granted, the contract will be modified to provide an equitable price reduction or other adequate consideration commensurate with the waiver being granted. If the situation dictates, a waiver may be granted without prior agreement on price adjustment or other consideration subject to agreement by the Contractor, or its representative, to subsequent negotiation. Such agreement shall be documented on the receiving document or other appropriate correspondence. After negotiations, failure to agree on adequate consideration shall be a dispute concerning a question of fact within the meaning of paragraph (d), Disputes, of the CONTRACT TERMS AND CONDITIONS -- COMMERCIAL ITEMS clause of this contract.

(3) If the waiver is granted and the nonconforming supplies are accepted, then in no event will consideration be less than \$250 to cover administrative costs, plus any additional cost of Government inspection or tests if reinspection or retest is necessary.

(4) If the waiver is granted modifying this contract but the supplies accepted are nevertheless determined to be in conformity with contract specifications, the Contractor shall still be obligated to pay the consideration originally agreed upon in support of the waiver. If, however, this consideration exceeds \$500, a second contract modification shall be issued reducing the Contractor's obligation to \$500 (the administrative cost of issuing the two required modifications).

"I certify that the above supplies were (a) in the quantity indicated, (b) taken from Government-owned and approved stocks, and (c) loaded into inspected and approved containers. This shipment was released in accordance with paragraph 246.471-2 of the DoD FAR Supplement under authorization of (NAME and TITLE OF THE AUTHORIZED REPRESENTATIVE OF THE CONTRACT ADMINISTRATION OFFICE) in a letter dated (DATE OF AUTHORIZING LETTER). Such "release" will be periodically furnished to the Contractor by the cognizant Product Property Administrator.

(c) Conveyances required for shipments shall be furnished or designated by the Government. The Contractor shall inspect all shipping conveyances prior to loading to insure that product loaded will not be lost or contaminated by the condition of the equipment. Tank truck inspection must be performed by qualified Contractor personnel. Delegation of this responsibility shall not be passed to the tank truck operator/driver. The tank truck operator/driver may be permitted to physically load the tank truck; however, the loading operation must be under the surveillance and direction of Contractor personnel. (d) Except when loading barges or tankers, or making pipeline deliveries, strainers of 100 mesh or finer shall be utilized in loading aviation fuels and jet lubricating oil and 60 mesh or finer in the case of reciprocating engine oil. Strainers shall be located as near the loading point as practicable. Contractor shall furnish and periodically inspect and clean such strainers and repair same, if necessary, keeping a written record thereof.

(e) Contractor shall affix serially numbered seals to the dome covers of tank cars and all openings in the case of tank trucks in such a manner that entry could only be gained by breaking a seal. Such seals will be furnished by the Contractor. Seal numbers will be indicated on shipping documents.

(f) Placards, as required by 49 CFR 172.506 and 49 CFR 172.508, shall be furnished and affixed to all tank cars and tank trucks by Contractors unless placards are already affixed.

(1) If Government-owned or leased tank cars are furnished, the Contractor will maintain records showing each day a car is received or forwarded by car number and will furnish the information to the Defense Fuel Regional Office upon request.

(2) Bottom outlet gaskets and manway cover gaskets, when required due to deterioration or loss, shall be furnished and applied to tank cars by the Contractor.

F1.05 Cont'd.

(3) The Contractor shall (i) inspect empty Government-owned tank cars located on the Contractor's premises and (ii) ship tank cars located on the Contractor's premises to repair facilities as directed by the Government.

(h) Unless otherwise directed, the Contractor shall prepare and distribute Government bills of lading utilized in shipments. Such bills of lading, routing instructions, and transportation assistance will be furnished by the Defense Fuel Region placing orders.

(i) The Contractor shall comply with routing instructions furnished by the Government. Such instruction will include names, routes, route order numbers, and other pertinent information. The Contractor shall be responsible for scheduling of commercial transport trucks, trucks and trailer, and tank wagons to its plant in accordance with such routing instructions and consonant with the applicable order. The Contractor shall provide sufficient advance notice to carriers and schedule the carrier's equipment for loading. The Contractor shall reimburse the Government for any demurrage incurred as a result of improper scheduling.

(j) Custody of product shipped by pipeline, and risk of loss thereof, shall pass from the Contractor to the carrier when the product passes the flange connecting the Contractor's pipeline and the carrier's pipeline.

(k) Custody of product shipped by transport truck, and risk of loss thereof, shall pass from the Contractor to the carrier when the loaded transport truck is released for shipment by the Contractor.

(l) Custody of product shipped by tank car, and risk of loss thereof, shall pass from the Contractor to the carrier when the loaded tank car is picked up by the carrier.

(m) Custody of product delivered to tanker or barge, and risk of loss thereof, shall pass from the Contractor to the carrier when the fuel passes the vessel's permanent hose connection.

(n) The Contractor shall be held accountable for demurrage charges arising from delay(s) in shipment by tank cars and transport trucks except when those delays are caused by reasons beyond the control and without the fault or negligence of the Contractor and its subcontractors.

(o) The following subparagraphs only apply to barges and tankers.

(1) SCHEDULED ARRIVAL DATE AND BASIC ALLOWED LAYTIME.

(i) Notice shall be furnished to the Contractor in advance of the date on which loading is to be made, which date is hereinafter referred to as the "Scheduled Arrival Date." Each notice will specify the quantity to be loaded, the cargo number, and name of the vessel and the scheduled loading date. For tankers, notice will also include the size of the vessel and the expected time of arrival. Notice of delivery will be furnished at least 72 hours in advance of the scheduled arrival date for tankers, and at least 48 hours in advance of the scheduled arrival date for barges. When anticipated vessel transit time to the loading point is less than 72/48 hours, the Government will provide the maximum notice practicable. Any change in the scheduled arrival date of less than 48 hours notice for barges and 72 hours notice for tankers will require verbal approval of the Contractor, confirmed in writing..

(ii) The Contractor shall provide as soon as possible, but within 3 hours after issue of notice of readiness to load from a barge and within 6 hours after the Contractor receives notice of readiness to load from a tanker, a reachable berth, free of cost to the Government, where the vessel can be safely moored and afloat with necessary access thereto PROVIDED, however --

(A) If the vessel is tendered for loading on a date earlier than the last agreed scheduled arrival date, the Government's vessel shall be loaded as soon as possible in its proper turn with other vessels, and laytime shall not commence until the vessel moors alongside or, for barges, 3:00 A.M. local time; for tankers, 6:00 A.M. local time, on the last agreed scheduled arrival date, whichever occurs first.

(B) If the vessel is tendered for loading later than 12:00 noon of the day following the last scheduled arrival date, the vessel shall be loaded in its proper turn with other vessels. Laytime shall commence when the vessel moors alongside, provided a good faith effort is made by the Contractor to moor the vessel in its turn with other vessels as loading berths become available. If the vessel is not moored in its proper turn with other vessels, laytime will commence at 6:00 A.M. on the date the Government vessel's turn occurred.

(iii) Laytime shall commence either (A) at the expiration of the notice period prescribed in subparagraph (ii) above, berth or no berth, or (B) immediately when the vessel moors alongside, with or without notice of readiness, whichever occurs first.

(iv) Laytime, once started, shall continue 24 hours per day, 7 days per week, without interruption, from its commencement until loading of the barge or tanker is completed and hoses have been removed.

(v) Unless otherwise provided in the Schedule, the Contractor shall be allowed and will complete unloading within laytime determined as follows:

F1.05 Cont'd.

(A) **FOR BARGES:** One hour for each 2,000 barrels of product to be loaded.

(B) **FOR TANKERS:** Thirty-six hours for load of full vessel cargo. When partial vessel cargoes are to be loaded, the 36 hours will be prorated based on quantities loaded by each supplier. The 36 hours includes allowances for routine events that occur in the loading process, such as cushioning and topping off of vessel tanks.

(vi) Hoses and loading arms for loading shall be furnished, connected, and disconnected by the Contractor.

(2) INCREASES TO BASIC ALLOWED LAYTIME.

(i) If, after laytime commences, the conditions or facilities of the barge or tanker to be loaded do not permit loading, basic allowed laytime shall be increased by the duration of the delay.

(ii) If the vessel is delayed in reaching its berth and the delay is caused by the fault of the vessel, basic allowed laytime shall be increased by the duration of the delay.

(iii) After laytime commences, when vessels are required to dock at anchorage due to vessel delays such as vessel inspection and inerting, laytime credit will be allowed for transit time from anchors away at anchorage until first line ashore berthing, not to exceed 2 hours.

(iv) If regulations of the owner or operator of the vessel prohibit loading at any time after laytime has commenced, time so lost shall be added to basic allowed laytime.

(v) If, for any reason, the Contractor is delayed in loading the barge or tanker because of actions of a Government representative, acting under the contract, that arise through no fault or negligence on the part of the Contractor or its subcontractors, basic allowed laytime shall be increased by the duration of the delay.

(vi) There will be no increase to basic allowed laytime (nor other reductions to any resulting demurrage time) for saved laytime arising out of other loadings/discharges.

(vii) Delays, after commencement of laytime, attributed to causes beyond the control and without the fault or negligence of the Contractor or the U.S. Government will result in increasing the basic allowed laytime by one half of the delay time.

(3) PAYMENT OF DEMURRAGE. For all hours of laytime which elapse in excess of the basic allowed laytime for loading provided for by paragraph (1) above, or as otherwise provided in the Schedule, the Contractor shall pay demurrage to the Government as follows:

(i) **USS, USNS, OR TIME CHARTERED VESSELS.** At the demurrage rate for the vessel loaded computed to the nearest whole hour as published by the Military Sealift Command and in effect on the date the loading of the vessel is completed.

(ii) **VOYAGE CHARTERED VESSELS.** At the demurrage rate cited in the charter, except that the demurrage payable by the Contractor shall in no event exceed the demurrage expense incurred by the Government under the Charter.

If rail carrier is used, supplies shall be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National Motor Freight Classification for "heavy or bulky freight." THIS CLAUSE DOES NOT APPLY TO FOREIGN VENDORS PERFORMING OUTSIDE THE UNITED STATES.

11.07 REQUIRED CENTRAL CONTRACTOR REGISTRATION (MAR 1998)

(a) **DEFINITIONS.** As used in this clause--

(1) **Central Contractor Registration (CCR) database** means the primary DoD repository for Contractor information required for the conduct of business with DoD.

(2) **Data Universal Numbering Systems (DUNS) number** means the 9-digit number assigned by Dun and Bradstreet Information Services to identify unique business entities.

(3) **Data Universal Numbering System + 4 (DUNS+4) number** means the DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned at the discretion of the parent business concern for such purposes as identifying subunits or affiliates of the parent business concern.

(4) **Registered in the CCR database** means that all mandatory information, including the DUNS number or the DUNS+4 number, if applicable, and the corresponding Commercial and Government Entity (CAGE) code is in the CCR database; the DUNS number and the CAGE code have been validated; and all edits have been successfully completed.

(b) (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation, except for awards to foreign vendors for work to be performed outside the United States.

(2) The offeror shall provide its DUNS or, if applicable, its DUNS+4 number with its offer, which will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(3) Lack of registration in the CCR database will make an offeror ineligible for award.

11.07 Cont'd.

(4) DoD has established a goal of registering an applicant in the CCR database within 48 hours after receipt of a complete and accurate application via the Internet. However, registration of an applicant submitting an application through a method other than the Internet may take up to 30 days. Therefore, offerors that are not registered should consider applying for registration immediately upon receipt of this solicitation.

(c) The Contractor is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to confirm on an annual basis that its information in the CCR database is accurate and complete.

(d) Offerors and contractors may obtain information on registration and annual confirmation requirements by calling 1-888-227-2423 or via the Internet at <http://www.ccr2000.com>.

111.01-2 ADMINISTRATIVE COST OF TERMINATION FOR CAUSE -- COMMERCIAL ITEMS (DESC FEB 1996)

(a) In the event this contract is terminated for cause, in whole or in part, the Government will incur administrative costs.

(b) The Contractor agrees to pay all administrative costs associated with a contract termination action. The minimum amount the Contractor shall pay for each termination action is \$500. This payment for administrative costs is in addition to any excess procurement costs and any other remedies or damages resulting from the termination.

(c) The term **termination action**, as used herein, means the termination for cause, including any associated procurement effort, involving--

- (1) Any single order or any group of orders terminated together;
- (2) Any item or group of items terminated together; or
- (3) The entire contract.

(DESC 52.249-9F20)

112.01 DISPUTES (OCT 1995)

(a) This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613).

(b) Except as provided in the Act, all disputes arising under or relating to this contract shall be resolved under this clause.

(c) **Claim**, as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding \$100,000 is not a claim under the Act until certified as required by subparagraph (d)(2) of this clause. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

(d) (1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.

(2) (i) Contractors shall provide the certification specified in subparagraph (d)(2)(iii) of this clause when submitting any claim--

(A) Exceeding \$50,000; or

(B) Regardless of the amount claimed, when using--

(a) Arbitration conducted pursuant to 5 U.S.C. 575-580; or

(b) Any other alternative means of dispute resolution (ADR) technique that the agency elects to handle in accordance with the Administrative Dispute Resolution Act (ADRA).

(ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.

(iii) The certification shall state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."

I12.01 Cont'd.

(3) The certification may be executed by any person duly authorized to bind the Contractor with respect to the claim.

(e) For Contractor claims of \$50,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-certified claims over \$50,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

(f) The Contracting Officer's decision shall be final unless the Contractor appeals or files a suit as provided in the Act.

(g) If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the Contractor, the parties, by mutual consent, may agree to use ADR. If the Contractor refuses an offer for alternative disputes resolution, the Contractor shall inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the request. When using arbitration conducted pursuant to 5 U.S.C. 575-580, or when using any other ADR technique that the agency elects to handle in accordance with the ADRA, any claim, regardless of amount, shall be accompanied by the certification described in subparagraph (d)(2)(iii) of this clause, and executed in accordance with subparagraph (d)(3) of this clause.

(h) The Government shall pay interest on the amount found due and unpaid from (1) the date the Contracting Officer receives the claim (certified, if required), or (2) the date payment otherwise would be due, if that date is later, until the date of payment. With regard to claims having defective certifications, as defined in FAR 33.201, interest shall be paid from the date that the Contracting Officer initially receives the claim. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the Contracting Officer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.

(i) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.

(FAR 52.233-1)

I27 GRATUITIES (APR 1984)

(a) The right of the Contractor to proceed may be terminated by written notice if, after notice and hearing, the agency head or a designee determines that the Contractor, its agent, or another representative--

(1) Offered or gave a gratuity (e.g., an entertainment or gift) to an officer, official, or employee of the Government; and

(2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.

(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.

(c) If this contract is terminated under paragraph (a) above, the Government is entitled--

(1) To pursue the same remedies as in a breach of the contract; and

(2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a designee. (This subparagraph (c)(2) is applicable only if this contract uses money appropriated to the Department of Defense.)

(d) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

(FAR 52.203-3)

I98 PROTECTING THE GOVERNMENT'S INTERESTS WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED, OR PROPOSED FOR DEBARMENT (JUL 1995)

(a) The Government suspends or debar Contractors to protect the Government's interests. The Contractor shall not enter into any subcontract in excess of \$25,000 with a Contractor that is debarred, suspended, or proposed for debarment unless there is a compelling reason to do so.

(b) The Contractor shall require each proposed first-tier subcontractor, whose subcontract will exceed \$25,000, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, or proposed for debarment by the Federal Government.

(c) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party that is debarred, suspended, or proposed for debarment (see FAR 9.404 for information on the List of Parties Excluded from Federal Procurement and Nonprocurement Programs). The notice must include the following:

(1) The name of the subcontractor.

(2) The Contractor's knowledge of the reasons for the subcontractor being on the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

I98 Cont'd.

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its inclusion on the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, or proposed debarment.

(FAR 52.209-6)

I180.02 ENVIRONMENTAL PROTECTION (STORAGE) (DESC MAY 1987)

The Contractor agrees to conform to all laws and regulations relating to the protection of the environment in effect on the date the contract is awarded, which are applicable to its operation in the performance of this contract. The Contractor further agrees to conform to any laws or regulations enacted after contract award that are applicable to its operation in the performance of this contract. In the event that conformance with any such new laws or regulations causes an increase or decrease in the operating cost, the Contractor and the Government will negotiate an equitable adjustment in the contract price. Failure to agree on an equitable adjustment in the contract price shall be a dispute concerning a question of fact within the meaning of the DISPUTES clause of this contract; however, nothing in this clause shall excuse the Contractor from implementing any such laws or regulations. The Contractor shall proceed with performance of this contract, unless so advised in writing by the Contracting Officer.

(DESC 52.223-9F25)

I209.01 OPTION TO RENEW (SERVICES) (DESC APR 1997)

The Government shall have the option to renew this contract upon the same terms and conditions for one-year. The Government shall issue written notice of its exercise of this option to renew at least 30 days prior to the expiration date of this contract or any renewal thereof.

(DESC 52.217-9F70)

I229 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT (ALT 1) (OCT 1995)

(a) Except as provided in (b) below, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial items, the prohibition in paragraph (a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial item(s).

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract that exceed \$100,000.

(10) Names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation;

(11) Each proposal shall be accompanied by a map (a city street map is satisfactory) showing the exact location of the facility, a schematic drawing showing the facility layout and its relation to other facilities in the area, along with a description of the facility's receipt, storage and distribution capabilities. The offeror should provide enough detail for the Government to determine if the facility meets the requirements specified in clause entitled SERVICES/SUPPLIES TO BE FURNISHED AND PRICES (B34.01).

(12) Offeror must submit a quality control plan as specified by clause entitled QUALITY CONTROL PLAN (L17.02).

(13) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. (c) **PERIOD FOR ACCEPTANCE OF OFFERS.** The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) **PRODUCT SAMPLES.** When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(f) **LATE SUBMISSIONS, MODIFICATIONS, REVISIONS, AND WITHDRAWALS OF OFFERS.**

If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "**late**" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

L2.05-2.100 Cont'd.**(g) CONTRACT AWARD (not applicable to Invitations for Bids).**

- (1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
- (2) The Government may reject any or all proposals if such action is in the Government's interest.
- (3) The Government may waive informalities and minor irregularities in proposals received.
- (4) The Government intends to evaluate proposals and award a contract after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint. While the Government intends to evaluate offers and award a contract after oral or written discussions with offerors, it reserves the right not to conduct discussions, as determined by the Contracting Officer. However, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. The Government reserves the right not to conduct discussions as determined by the Contracting Officer. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.
- (5) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.
- (6) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(h) **MULTIPLE AWARDS.** The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. .

Protests filed with the Agency should clearly state that they are an "Agency Level Protest under Executive Order No. 12979." (**NOTE:** DLA procedures for Agency Level Protests filed under Executive Order No. 12979 for a higher level decision on the initial protest than would occur with a protest to the Contracting Officer; this process is not an appellate review of a Contracting Officer's decision on a protest previously filed with the Contracting Officer.) Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the Contracting Officer.

(DLAD 52.233-9000)

SECTION M - EVALUATION FACTORS FOR AWARD**M2.11.100 EVALUATION - COMMERCIAL ITEMS (JULY 2000)**

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to this solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Price (Price is defined as barrels of crude oil for the base year, dollars for the option year)

1. The offer(s) for line items 0001 and 0002 will be evaluated separately. The total price for each offer will be determined by the amount of crude oil proposed for each location, with each location evaluated separately. The option prices will not be evaluated. The Government reserves the right to award any combination of storage facilities that it determines will best satisfy its needs.

2. The low offer(s) for line item 0003 will be determined by the low FOB destination offers to the storage locations awarded for line item 0001 and 0002.

(b) **OPTIONS.** The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
